### Learn by Questions resource

Your KS2 child will soon be coming home with a Learn by Questions login code. This is a new learning resource that KS2 will be using this academic year. Children will be given weekly homework or 'Independent Study' that reinforces learning in class. For further information about the Learn by Questions and how to access it at home with your child please refer to communications which will be sent out separately to this initial introduction. It is an award-winning resource that the children will hugely benefit from engaging with!
