Dear Parents and Carers,

We need your help.....

We are hugely excited to share with you information regarding recognition for schools and pupils who have service children in attendance.

All schools which have Service children on roll are eligible for the **Service Children Friendly School of the Year** category!

Beckwithshaw and Kettlethorpe Schools are going to go for this award and so need your help! **Schools can, and should, encourage families from their community to vote for them by 7th March.**

This will be a real highlight this year and would be super for our lovely, school.

So get sharing with your community and let's win!

Paste link below on your browser and in Questions 3 and 4 please put the name of both schools and then click 'Service Children Friendly School of the Year.'
