

SPORTING INFLUENCE

Improving Social Skills Through Sport

PE With Mrs Wilcox, Miss Matusewich and Mr Sherwood

Class 1 have spent the spring learning the skills needed for games. For the first half term we included rolling, controlling and dribbling the ball with our feet. For the second half term we switch our attention to the skills required for handball, mainly catching and throwing. As always Class 1 showed great enthusiasm for all the games. An extra well done to Noan and Killian who have really grown in confidence this term.

In the first half term **Class 2** concentrated on their football skills. They all showed great determination in improving their skills. We looked at passing and control along with dribbling and movement. They all really improved and demonstrated some great techniques.

The first half of the term saw **Class 3** work on their netball skills. We looked at passing and receiving along with attacking and defending skills. They worked extremely well together and demonstrated some fantastic teamwork. We played some games and focused on the rules of High 5 Netball.

In the second half of the term both classes focused on Handball, **Class 3** used some of their skills in Netball demonstrating their teamwork. They learned about the rules, and we looked at shooting, footwork, attacking and defending techniques. **Class 2** also showed great skills with focus on throwing, catching and how to find space. They worked on their communication skills and demonstrated some good teamwork.

All the children really excelled at our Dance Festival too. Their dances were brilliantly choreographed and the children performed in fantastic unison and with wonderful enthusiasm. Well done to both key stages.

At club, we have had great fun! Firstly, with gymnastics and then this term with a range of different games under the guise of Multi Sports. Angel, as the oldest member of the group, has been an excellent role model and really encourages the younger children. Thank you, Angel.

Class 2 enjoyed their Football lessons

Class 1 explored skills used in Handball

All of the children were superb at their Dance Festivals
